

ALAMEDA COUNTY NEWS

MANY TOWNS ARE REPRESENTED

MEETING OF SCHOOL BOARD.

School Room Wanted By People For Sunday Services.

BERKELEY, Oct. 19.—Tomorrow every home in Berkeley will be visited by a canvasser representing the Alameda County Sunday School Association. This organization has made plans for a thorough canvass of the entire county in order to obtain exact information in regard to the relations of the people to the churches in their vicinity, and to extend to everyone a hearty invitation to attend the services of that particular denomination, toward which their individual preferences draw them.

The arrangements for the Berkeley canvass have been completed. Those in charge of the various districts will be as follows: First ward, John McCarthy; Second ward, Mrs. Robert Bentley; Third ward, Miss Helen Clough; Fourth ward, Mrs. Weston; Fifth ward, Thomas Stevenson; Sixth ward, C. W. Kellison; Seventh ward, Rev. F. W. Robinson.

Each ward is divided into districts containing about forty houses each and two canvassers will be appointed to each district. In some districts the committees are still short-handed, and all who are willing to aid in this work will be gladly welcomed.

LADIES' AID SOCIETY.
Great preparations are being made by the Ladies' Aid Society of the Presbyterian Church for the holding of their annual bazaar, which will be held in the New Pavilion on Friday evening, October 20th. From the looks of things now the fair this season will eclipse that of any former years, if the work will make it a success the ladies will be richer by several dollars after the event. The admission price is so small—ten cents—that everyone can attend.

A New Year's dinner will be served from 5 to 8 p. m. and will be under the supervision of Mrs. Geyser and her assistants. Following is the menu: Roast chicken, Salads, Baked Ham, Small roast pig.

Apple sauce, Brown bread, pie. The literary and musical program will be under the charge of Mrs. Cutler. Ice cream will be served by Mrs. Hewlett, Cannon and Misses Kachner and Hewlett.

The company is now in receipt of a quantity of old car rails which were taken up from along San Pablo avenue when the cable road was removed. The rails are being used for the new electric system. The rails were purchased as scrap iron.

SIXTY WHEELMEN ARE TAKEN TO PRISON.

About sixty wheelmen were arrested yesterday for violating the city ordinance. The day was a bad one for the offenders, but an excellent one for the police, who had been waiting for some time to catch some of the law-breakers. The majority of the wheelmen were small boys, who had a few minutes to spare from their school work, and were out for a ride on the public street. Just why this special raid was ordered is not known, but it was a good idea for all wheelmen to keep off the sidewalks and otherwise observe the requirements of the city ordinance.

SAN LEANDRO NEWS NOTES.

Horse and Buggy Left in Town.

SAN LEANDRO, Oct. 19.—By information gained through the Oakland police department the owner of the horse which was found wandering on the streets late Saturday night has finally been found.

The Oakland department had received word that a horse and buggy answering the description of the one found in San Leandro had been taken from in front of her residence by unknown parties.

Upon investigation it was found proved to be the one Mrs. Paulson was looking for. It had evidently been taken by a young couple who had been riding in the horse and buggy for a few minutes before the horse and buggy were found. They had evidently been driving in it. They had evidently turned the horse loose a few minutes later and taken the next car back to Oakland.

A CONCERT.
The concert given by the King's Daughters for the benefit of the Presbyterian Church was a very successful affair.

A STRONG NOVEL BY AUGUSTA KELLOGG.

"Leo Dwyer," a novel by Margaret Augusta Kellogg, is a handsomely gotten up book issued by the James H. West Company, Boston. The story is a cheerful one. It is a powerful tale of a New England girl born to poverty, but possessed of a strong pride and a noble character. Her struggles to earn her living, her abhorrence of the aid of her neighbors, her deep religious faith, and the deep tragedy of her life are set forth in masterly style. The book is well worth reading by those who like to read something more than mere entertainment.

PROFESSOR CLYDE A. DUNIWAY.

Will open his course of three lectures before the Star King Fraternity on Friday evening of this week in the Lecture Room of the First Unitarian Church, Fourth and Castro streets, at eight o'clock. As already announced, the course subject is "International Relations of the United States and Spain." The first evening will be devoted to a consideration of Spanish Colonial Empire as a hindrance to American Continental Expansion 1763-1823.

The speaker will be assisted by the Unitarian pulpit last Sunday morning, when he spoke on "Ideals in Politics." His address on this occasion was a foretaste of the master and method by which he will handle the subject.

DEPUTY PIERCE WAS IN DANGER.

Deputy County Clerk George S. Pierce came near getting into serious difficulties yesterday afternoon by being taken for Police Judge Smith. He was seated in the rooms of the Builders Exchange, on Tenth street, where he had just finished a letter. Presently a stranger appeared at the door and asked one of the bystanders if he knew George S. Pierce. The stranger then made a rush at the deputy clerk and caught him by the shoulder. "Now you are out with you," Pierce turned around suddenly and confronted the assailant. The latter saw his mistake in a moment and began to apologize. He said that his name was Fred Lutz, and that he had just finished getting a sentence imposed by Judge Smith.

OLD LAWS WILL BE ENFORCED.

Carl Dool and C. E. Sessions were both arrested for not hitching their horses. The ordinance in regard to this has always been laxly enforced, and the police have heretofore paid little attention to it.

Now that the City Council has expressed the necessity for more strict enforcement of all the ordinances on the statute books, the policemen have been notified to arrest all drivers who leave their horses without hitching.

The ordinance requiring bells on bicycles and lights after dark will also be rigidly enforced.

No Right to Ugliness.
The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitter is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run down invalid. Only 50 cents at Osgood Bros., Seventh and Broadway.

WAR IS ON IN GRIM EARNEST.

Battle at Ladysmith Is Looked for Today.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Oct. 19.—A dispatch to the Tribune from London says:

The latest intelligence from the seat of war indicates that fighting of a serious nature has commenced in Natal. Details are very scant at present, but hostilities were evidently started on the Free State troops who advanced from Tintwa Pass and engaged the British cavalry patrols in a long range artillery duel. Firing continued for the greater part of the day, but it is not known what result, although it is admitted that there are several casualties on the British side. Sir George White has pushed up his supports and everything points to a big engagement today.

Ladysmith has fully 3,000 troops, and at Glencoe, on the other flank of the British defensive line, there are 4,000.

The very risky and daring movement of the Boers is directed toward enveloping this line, two columns advancing against Ladysmith. General Buller directing the forces in the neighborhood of Dundee. Should the Boers be successful in this move, it would be a serious blow to the British position.

Boer attacks on the British position at Ladysmith last night, says it is reported that the Boers are hemmed in at Acton Homes and suffering severely.

Beware of Ointments for Catarrh that Contain Mercury.
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. The only remedy never used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you may expect to derive from them. Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is a positive cure, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle. Hall's Family Pills are the best.

Rolling Mill Consumption

Seven out of every ten men who work in rolling mills, iron foundries and glass factories die of consumption. You know how truly in the throat the usual symptom is a nagging, persistent cough—sometimes short and hacking, sometimes hard and dry, and patient grows weaker and thinner day by day. Death eventually comes. The trouble comes from intense heat and the constant inhaling of the fine particles of iron dust that fill the air. These particles, under a microscope, show jagged, sharp edges, which tear and mutilate the delicate lining of the throat and lungs. Perpetual sores are thus formed, and here it is that the germ of consumption and a sure death is planted. It is the only cure in the world for Rolling Mill Consumption. It heals up the sores, strengthens the mucous membranes of the breathing organs, permanently stops the cough, builds up the constitution and imparts vigor to the whole system. It must cure or it costs you nothing. One bottle does wonders. Try it. What it has done for many others it will also do for you and your loved ones.

Sold at 25c, 50c and \$1 a bottle throughout the United States and Canada; and in England at 1s, 2s, 3s, 4s, 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

WHEN SHIPS PUT OUT TO SEA.	
It's "Sweet, good-bye," when pennant flies	
And ships put out to sea;	
It's a "loving kiss and a tear or two	
In an eye of blue or an eye of blue—	
And you'll remember me,	
Sweetheart,	
And you'll remember me.	
It's "friend or foe?" when the signal blows	
And ships signal ships at sea.	
It's "clear or action" and man the guns	
As the battle nears or the battle runs—	
And you'll remember me,	
Sweetheart,	
And you'll remember me.	

It's deck to deck and wrath and wreck

When ships meet ships at sea;
It's scream of shot and shriek of shell,
And hoarse and hoarse the roaring hell—
And you'll remember me,
Sweetheart,
And you'll remember me.

It's doom and death and pause a breath
When ships go down at sea;
It's battle is over and love begins,
And war is cruel whoever wins—
And you'll remember me,
Sweetheart,
And you'll remember me.

THEIR COMBINED AGES.

"I'd let you go, Millie," said her mother
"but you are not merely a party of
giddy young people."
"You can judge of that, mamma," re-
plied Millie, "when I tell you that the
combined ages of the five of us is 110."
It turned out afterward, however, that
the age of the grandmother, whom the
girls took along as a chaperone, was 90.—Chicago
Tribune.

The delegates of the rain this morning, the Odd Fellows of Alameda county displayed a devotion to their order which was commendable to the highest degree.

It had been intended that all the members of the county would take part in the big procession in San Francisco which had been provided for as a means of celebrating the fifteenth anniversary of the statehood of California under its flag in this State. The judges of the county were to rendezvous in this city, and, accompanied by the Rebekahs, were to take an early morning train for the metropolis.

The rail, however, interfered with the appearance of the Rebekahs in the procession, but otherwise the program was carried out without hitch. The members of the male lodges being somewhat smaller, though, than it otherwise would have been.

The delegates met at the hall of the order, they had received from being members of the order but strangers in Oakland.

Scottish Clans.

Clan Macdonald No. 79, O. S. C., held a meeting in Fraternal hall Friday night last.

After the usual business was disposed of D. Edward Collins of the St. Andrew's Society delivered an address on "Imperialism," in the course of which he gave his views upon the present situation, growth and extent of the British empire. He contended that the spirit of expansion was ingrained in the nature of the Anglo-Saxon and it could not be otherwise. It was a matter which America was fated to adhere to. Expansion for America meant higher ideals, a quickened and more worthy sense of public duty, and a nobler character, which was better and

an average death rate of less than six to the 1,000. He stated that the order had distributed over \$7,000,000 among the widows and orphans of deceased brethren. The speaker ascribed the falling off in membership since the war to the increase of the rates of assessment to lack of information upon the part of the general membership as to the importance and necessity of continuing the work of the order in California. The Chief Ranger pointed out that the increase in membership from the last eight years had been 860 per cent, while the 1906 census showed that there had been 396 per cent. The death rate has been seventy-four per cent below that of the order generally.

The High Secretary's report showed a net membership of \$5,100.25. Tuesday night the 423 delegates were banqueted at the

Orders for Odd Fellows.

Fountain Lodge is in a good prosperous condition. At its last meeting it conferred the Third Degree upon thirteen candidates. The floor work was introduced by its Drill Master.

Members are taking great interest in the coming Jubilee celebration and expect to turn out at parade very strong.

A visit to Fountain Lodge is never regretted by visiting brothers.

HARBOR LODGE.

Harbor Lodge, No. 253, I. O. O. F., at its regular meeting Wednesday had a large attendance.

The Third Degree of Odd Fellowship was conferred upon two brothers.

The Parade Committee for the Golden jubilee is in the process of distributing the badges, hats and canes to the members present.

The visiting brothers made some very

interesting and sent him an elegant gold Odd Fellows' badge for a watch-chain. By the Waveria Lodge he was presented with a gold medal inscribed with the Odd Fellows' insignia.

Friedrich Schimmelpfennig joined the Odd Fellows of the German Colonial Order in Albany, New York, in 1850, and six years later came to Oakland. He has in this city about fifty unattached members of the order, who were very anxious to have a meeting place. Mr. Schimmelpfennig offered to build, and his offer was accepted. He erected the first I. O. O. F. hall in this part of the State on his own property, at East Twelfth street and Fifteenth Avenue. He built a residence adjoining the hall, and the two buildings are among the oldest in this city.

Frederick Schimmelpfennig is also enthusiastic in the cause of Odd Fellowship, and, with her husband, believes very firmly in its principles.

Independent Foresters.

The High Court of Independent Foresters is in session in Fresno and there is a large attendance of delegates.

The Chief Ranger's address was delivered by C. A. McElfresh. It was a general review of the progress made by the order during the year, together with its present condition. In speaking of the progress of the order, Mr. McElfresh stated that its membership consisted of 150,000 young and vigorous men whose average age is under 38 years. It has a surplus of 100,000 men.

TOILET.

To keep the skin clean is to wash the excretions from it off; the skin takes care of itself inside, if not blocked outside.

To wash it clean, without doing any sort of violence to it, requires a most gentle soap, a soap with no free alkali in it.

Pears', the soap that clears but not exoriates.

All sorts of stores sell it, especially drugists; all sorts of people use it.
